

United Cooperative Donation Request Form

Please make your request at least four weeks in advance.

United Cooperative is approached by hundreds of organizations every year asking for our financial assistance. Due to limited funds, our policy is to focus the majority of our community-giving efforts on agriculture-related groups and organizations: FFA, 4-H, agribusiness programs, etc.

Many respectable organizations come to us for donations. Our goal is to direct our community-giving program in a manner that supports the growth and development of agriculture in Wisconsin.

Through our charitable donations and scholarships, United Cooperative helps create strong future leaders for rural America. And our focus on youth and the programs that serve them allows us to play a vital role in shaping a better tomorrow.

Today's date: ____/____/____

Name of event or organization: _____
